

OPILION

BEAUTIFUL FINNISH DESIGN

Opilions stools are a clean-lined Finnish design that has been inspired by Finnish nature. The products have been designed by Eastern Finnish designer-carpenter Heidi Harmanen.

THEY LOOK LIKE JEWELRY WITH MANY EXPRESSIONS

Opilion stools are furniture intended for both homes and public spaces, which are easy to assemble and replace parts. The Opilion stool can also be used as a small table, side table, bedside table, flower table, whatever you want.

LOW CARBON FOOTPRINT AND DURABLE PRODUCT

Opilio's products are very ecological. Thanks to the precise utilization of the material and efficient, low-energy processing, their carbon footprint is kept low. They are made from responsibly grown beautiful Finnish birch plywood, which is covered with wood veneer or ecological laminate, of which more than 50% is wood. Finnish birch plywood is durable, Opilion products have a long service life.
